We are pleased to inform you that registration is now open for the 34th Mazurian Lakes Conference on Physics, which will be held in Piaski, Poland, September 6 – 13, 2015. The conference is organized by the University of Warsaw, the National Centre for Nuclear Research and the “Pro Physica” Foundation. Those who wish to participate are kindly requested to register via the conference web page http://mazurian.fuw.edu.pl/registration/

Scientific programme and call for abstracts.

The leading topics of the conference are:
1. Fission and neutron-rich nuclei
2. Super-heavy elements
3. Nuclear reactions: from keV/A to GeV/A
4. Nuclear structure and nucleosynthesis
5. Facilities and experimental techniques
6. Applications of nuclear science.

The conference programme will consist of invited lectures and a number of short presentations of contributed papers, complemented by a permanent poster exhibition. Several of the poster presenters will have the opportunity to advertise their posters with five-minute presentations. Those wishing to contribute oral presentations or posters are invited to submit abstracts. This will help in the selection of contributions for oral presentation. After registration for the conference, please submit one-page abstracts in pdf format via the conference web page http://mazurian.fuw.edu.pl/abstracts/ before May 8, 2015. Authors will be notified of selection for oral presentation before June 15, 2015. A list of invited speakers is available on the conference web-site.

Proceedings

The conference proceedings will be published as a separate volume of Acta Physica Polonica B. We encourage all speakers and poster presenters to submit a contribution to the proceedings. In order to maintain the high standards of Acta Physica Polonica B, potential authors are reminded that only novel, original work should be submitted to the proceedings volume. All papers will be refereed.
